Screening Colonoscopy – Express Scheduling

1. Do you have any current active GI symptoms?

If so, please call and schedule a consult.

2. If no GI symptoms, do you have any medical problems such as heart disease, breathing problems, or take blood thinners (not aspirin)?

If so, please call and schedule a consult.

3. Do you have any medical illnesses you need to tell us about prior to your procedure?

Please inform the secretary.

4. Do you take blood pressure medicine? If so, please take with a small sip of water the day of the procedure.

5. What is your weight? Please inform the secretary if your weight is over 300 lbs or your BMI over 40 – we will schedule a consult.

6. If you are diabetic, please advise, no oral medication that day and ½ of insulin if they take it in the am. This should be reviewed by the primary care physician if patient will be going for pre-op.

7. Do you take diet supplements? If so, please discontinue for 2 weeks.
